Fashion Illustration Techniques: A Super Reference Book For Beginners

Synopsis

Learn the basics of fashion illustration and all the necessary tools and techniques from the field with *Fashion Illustration Techniques*! Filled with step-by-step drawings and covering all the fundamentals such as drawing head and body proportions, choosing colors, and much more, this complete guide is the only reference book you'll need to start designing for the world of fashion. Zeshu Takamura has based this book on the curriculum of the beginner's course at the fashion design school that he teaches in, and lends his years of experience and skills to this comprehensive resource. Inside, you'll find each skill set broken down by week:- The 1st Week: Let's Master Basic Drawing- The 2nd Week: Let's Master Body Parts and Garment Items Drawing- The 3rd Week: Let's Try Coloring- The 4th Week: Master Design Drawing and Make Your Own Design. With easy-to-follow instructions that will prepare you for this creative field, *Fashion Illustration Techniques* is a must-have for all fashion design students who require a basic knowledge of drawing and illustration techniques.

Customer Reviews

If you want to learn how to draw female figure and garments this book is going to be very helpful for you. It contains very detailed step by step instructions. I love it!

This book is the expand version of "Fashion Design Techniques" by the same author. It offers 4 weeks course, a intensive road to master fashion figure drawing. I really like this one but it focuses

on female figure only. It would be perfect, if it includes how to draw a male figure.

I bought this item as a gift for a friend. She is a 17 year old who plans on studying fashion design after she graduates high school. In my opinion, this is an excellent book for budding designers hoping to learn the basic tools of the trade.

I purchased this book used on the 12/7, and it arrived today, the 11th! It was a nice surprise because it was coming from NY, and I live in CA. Not only was the shipping fast, but I skimmed through the book & it looks AMAZING! I found out about from Evelina Barry, famous YouTube fashionista. She said it's her favorite fashion sketching book & I hope to use it soon!

Good book and easy technique for what I've seen so far, recommended for beginners , starting from 0 like me

This book is great! I am an artist and the book illustrates great tips for both fashion designers as well as artists.

Was sort of expecting it to be a bit more beginner as I am just starting out. But its still very handy!

In great condition!
