This book is a wonderful introduction to a range of illustration and mixed media techniques. Karen O'Brien's art is whimsical and visually interesting and engaging, and sitting and looking through it

simply for the pictures is worth the money - the fantastic techniques are a bonus. I will be inspired by this book for quite a while to come!

Clear and to the point instruction, highly imaginable, and inspiring. Wish the font size was a bit bigger or bolder on some of the instructions, but that isn't a slam, just personal preference. It is all I was hoping for and more.

on occasion I look for inspiration for my art work and this book caught my eye. I wanted something a bit different from what I am doing currently so this one has been added to my library. I enjoy the whimsical look and the author gives me an easy, appealing new way to play until I hit upon just the right new piece of work coming from inside of me.

An excellent book!! It is beautiful and imaginative in its presentation, and it is thoughtful and detailed with mixed media techniques. Refreshing!!

Best book I have purchased in a VERY long time!!

This book is filled with insightful tips and mixed media project ideas. If you're trying to discover more about your own personal style as a mixed media artist, the ideas and information O'Brien shares will enhance your understanding of your own artistic voice.

This is a fantastic book that certainly expands your imagination. Her writing is like talking directly to an artist one-on-one. Brava!

I bought this book directly from the artist at a conference, and read it cover to cover as soon as I got home! The book is as inspiring and encouraging as the author is in person. I was so happy to see a paper and fabric collage art doll/bear project tucked into the book, alongside the numerous painting techniques for collage and journal projects. I have nearly fifty books on collage, painting and journaling, and the way Karen takes the reader on her imaginary and magical journey makes this book the most unique and compelling of all.
