Christmas Designs Adult Coloring Book (31 Stress-relieving Designs) (Studio)

Synopsis

'Tis the season to make colorful works of art! Lose the seasonal stress as you immerse yourself in this merry medley of Christmas designs! Color 31 full-page complex yet relaxing Christmas-inspired designs. Heavyweight paper is superior to that of other coloring books. Designs are printed on only one side of a page -- no bleed-through. Each page is micro-perforated for ease of removal and display of your artwork. Acid-free paper helps preserve your work. Short-circuit the stress as you color these meditative patterns! Coloring book measures 9-1/2 inches wide by 9 inches high (24.13 cm wide by 22.86 cm high). Binding lies flat for ease of use. For artists and colorists of all levels.

Customer Reviews

This is a wonderful set of coloring designs by a company that is new to me, Peter Pauper Press. Based on the quality of this book, I will certainly be purchasing more of their books in the future. There are 31 Christmas related designs with lots of Santas, stockings, ornaments, poinsettias, candles, birds, and even a figgie pudding! The designs range from fairly easy to color to much more complex. The pages are a wonderful heavyweight of bright white. This is fantastic as my pencils, gel pens, and ultra fine markers (except for Sharpies) do not bleed through on this paper. The designs are printed on only one side with the back side left blank, so if you are using alcohol based markers or watercolors, you can put an extra page in between just in case some color leaches through. The pages are perforated and are extremely easy to remove. The paper is also acid-free which means that the paper will not turn colors with age and all the work you put into

coloring the designs will be safe. Additionally, the binding easily lies flat and gives you access to make coloring in this book an easy and fun thing to do. It is a lovely book that puts me right in the holiday spirit. It will be fun to pull this book out and color into the evening with maybe some spiced cider close beside to make the holidays a fun part of my relaxing coloring time.

Great book if you're looking for intricate, pretty Christmas designs. Some of them are a little TOO intricate for me, but I know for some people that would be a plus. Thick, one-sided paper with perforated edges, so you can color in the book or tear the pages out.

The designs are very nice. The only con is many of the lines are extremely bold. This may not be a problem with those who use markers or gel pens. I prefer colored pencils which will get lost in all the black.

Length: 4:08 Mins

I love coloring, I love creating and I love Christmas so this book is everything good to me! I could not wait to crack it open and check out all of the gorgeous artwork just waiting for me to add my personal artistic flair to. It is packed full of 31 beautiful and festive designs some of which are very detailed and others that are a little less color intensive. These are most definitely not your everyday Christmas coloring pages! The book begins with a lovely, thick cardstock cover that is covered with lovely ornaments that are colored beautifully. Inside you have your coloring pages which are 9" X 9" and each of which has a perforated edge, making it easy to tear these pages from the book. If you prefer to leave the pages in for coloring, because of the sturdy cardstock that they are printed on, I had no issues with my colored pencils transferring indentations on any of the following pages. These pictures would look so great colored and framed! I love the variety in designs that this book offers, making sure that there is something for every style. This is a well made and high quality coloring book that would make a fabulous gift. It is highly recommended. I received this product free of charge in exchange for my honest and unbiased review.

I love the designs in this book. The designs are simple yet some images are intricate with smaller details. The pages are easy to color, but you can get as detailed as you want when coloring. The pages are single sided and the paper is thick enough and of good quality so if you are using markers it doesn't bleed through to the next page. I put down paper underneath the page I was

coloring just to be safe and there wasn't any ink that bled through on the paper. This book is an awesome buy for the price! I'm going to purchase a few more for friends.

This is a gorgeous coloring book for adults or teens. There are 31 illustrations to bring to life with your own techniques. Not only can that bring you a chance to turn off the stress of every day life, but it will start bringing on a little Christmas spirit in a manner that will allow you to creatively think about how you want your holidays to evolve. Be aware that some of these illustrations are very intricate. That's really not for everyone... However, it really is for me, and others who enjoy seeing a picture slowly evolve by really thinking about what we want to create in a limited space. The results come from attention to detail. I am not a fan of big, splashy and spread-out coloring. I always get impatient and feel I should be using a paint brush! Here is detail, and lots of it for you to enjoy. Because the designs are all on one side of the page, they can be easily removed and incorporated in household displays, tree ornaments, gift tags and enclosures in greeting cards. For a little money, this is a very nice book with tons of potential... and no prescription required for the delightful sense of relaxation! Highly recommended.

Great pictures and patterns to color...good quality paper. I liked this book a lot...especially since I really love Christmas and anything to do with it...

I have been looking for a Christmas coloring book that doesn't look too childish and this one works for me! I am mildly obsessed with the books that Peter Pauper Press puts out (I own a few). Their books are always well made, offer a great variety of designs and intricacy levels, and have a wonderful quality of paper. And the pages are perforated, making this a steal of a book! I definitely recommend this book for anyone searching for a Christmas coloring book without going "too far"!!! I plan on coloring pages and presenting them as gifts to friends and family.
