Filled with fun, tasty pictures of cakes and cupcakes and treats, there's not a single page in this book that won't appeal to a dessert fanatic. The pages are perforated which makes it nice if you like to color using a clipboard. And the images are only on one side of the page so if you use markers (like I do) if there is bleed-thru (very minimal) then it won't ruin a picture on the back. As with the majority of Dover's coloring books, I love this one!

Cute, fun, girly cake and dessert pictures to color. I like all the images in this one.

I recently got started in relaxing coloring. This is one of my first books. The designs are filled with

delectable cakes, cookies and other sweets. The patterns range from simple to more complex. I like the printing on one side of the page. The paper is good quality with each sheet being perforated for easy removal. I noticed very little bleed through when using markers. I could not work on any of the designs without something sweet to munch nearby. This is a fun book! I feel like a cake decorator choosing my frosting colors to make something decadent!

I absolutely love Creative Haven coloring books and this one is one of my favorites. There are so many great cakes and desserts to color that you will have hours of fun picking out your colors and relaxing while coloring in this book. I wish there were more food related books and more variety, and as this is the first of its type, I plan to enjoy it. A definite buy for a coloring enthusiast!

I love this! There are lots of different and unique designs. I found that a lot of the coloring books for "adults" were too intricate, with very small details. This isn't too complicated and it's easy to stay in the lines even with a not so sharp crayon. I got it to relax during law school finals, and it was perfect.

Best of all adult coloring books bar none . Paper is high quality and thick. Illustrations are only on one side of the page, preventing damage to the following one. Each page is also perforated at the inner margin allowing you to tear out the illustration if need be. Hours of joyful activity.

Pleasantly different idea for a coloring book than what is normally offered. Fun and relaxing. Appropriate for coloring enthusiasts of all ages.

This is a wonderful coloring book that I'm sure children and adults alike will enjoy. The designs are fun and whimsical, with clear outlines that would easily lend themselves to be adapted for crafting use such as needlework etc. A win in my book!
