Customer Reviews

Wow! Early this year (2012) I decided to get back into coloring, and discovered I am not a "peter pan" but a "Colorist". Whew! What a relief. That allowed me to enjoy this coloring book even more! I purchased it along with 3 others from Dover Publishing, and a very nice set of Prismacolor Premier Soft Core Pencils, which I also highly recommend! The paisleys on each page are unique. I was very impressed with the detail and complexity of each page. A few pages are simpler, or have large white areas as background, which will work for beginners or those still learning to color tiny areas. They're also a break from the more complex pages. I enjoyed coloring in the backgrounds as well as the actual designs, and have done 3 pages so far. Of all the Dover coloring books I've purchased (gotta love that 4 for 3 promotion!), this is one of the 3 or 4 very best 'abstract' type coloring book. I

enjoy abstract coloring rather than specific images for many reasons, #1 being the freedom to experiment with color. Yes, I could paint a tree trunk pink if I wanted to, but my more logical side cringes at that wild carelessness with reality. :) There are many opportunities to experiment with color theory, various materials (media-pencils, pens, gel pens, markers, permanent markers, fine line pens, etc.) & color layering/shading. This book will challenge you, whether you are an experienced artist or colorist or a beginner. It would also work for kids old enough to appreciate a challenge, and with the patience to spend several hours on detailed coloring. Each child is different, so I don't recommend a specific age range, just make sure the child has the necessary fine motor skills, or is working on improving them to avoid a frustrating experience.

"The paisley motif derives its name from the town of Paisley in Scotland, where, in the nineteenth century, machine-woven woolen shawls were manufactured to imitate the luxurious, extremely expensive Indian shawls..." - from Paisley Designs Coloring Book

Did you know that? I did not. That is the note from inside the first page of Paisley Designs Coloring Book by Marty Noble. Just reading this tidbit I already feel I made a good decision to buy. This beautifully drawn, Dover-published book has 30 pages of bird, butterfly, flower, Indian tapestry and even peacock inspired paisley designs. Flipping through the book, it is initially very appealing and my first impression is that it is a keeper! Marty Noble has come from a long line of artists. No wonder she has the talent she does. Her work in Paisley Designs Coloring Book is quite different enough from her Creative Haven Mehndi Designs: Traditional Henna Body Art Coloring Book to warrant owning both books. I thought they were going to be the same, even similar. But they are quite the opposite. While some of the designs are similar in their first appearance, I feel that each page is truly unique. The line work ranges from moderately thin to thick throughout the book. Some of the spaces are tiny so a fine tipped pen or sharpened pencil will be the tool to use. On individual pages I felt the images were varied enough to not get repetitive and they were not too small to be tedious nor too large to be boring. The price per image in Paisley Designs is around \$0.133. A great deal.
