## Customer Reviews

This is a pretty cute book. I was hoping that the pictures would reflect the one on the front cover but was pretty disappointed. This coloring book is geared towards older girls. I'm returning it because I have a 4 year old that loves coloring in my adult books, but even those are simpler than some of these pages. She could have probably only colored 4 or 5 of these pages without giving up. However, since no one has posted pictures, I've taken some pictures. Hopefully I will save someone's time with returning or convince them that this is the book their child has been looking for.

I got this as a surprise for my daughter & she absolutely loves it! It's full of great pictures to color. She said the best part is that the pages are thick enough that she can color with markers & it doesn't bleed through. The pages are single sided, so you can use colored pencils, markers, even paint if you'd like. Definitely well worth the money!!

I bought it as a Christmas gift for a 10-year-old, along with Gelly Roll pens. She started coloring in it then even though she was surrounded by Christmas presents. I want one for myself. I like it better than "adult" coloring books.

This coloring book has some of the cutest pages!!! Peace signs to owls this coloring has it all. My niece, 9 year old, loved it!

My daughter loves this coloring book for girls. She's 10 and she loves the adult coloring books that I use, but some of them are a little too advanced for her and she will get bored easily, but not with this book. She will spend hours coloring in this book meticulously choosing each color and making sure to stay in the lines. I love it, and it is so something that we can enjoy together.

Bought 2 of these in combination with Gelly Roll pens for a set of twins for their birthday party. The next time I saw their mom she pulled me aside and asked where I had gotten the book because the quality was great and it kept her girls (age 6) entertained and quiet for hours at a time. It's now my go to gift as we make the Kindergarten classroom birthday circuit along with the pens.

I really love this book because the pictures are one sided so you can go crazy and use the coloring utensil of your choice of marker, gel pen, colored pencil, crayon I mixed up what I used per page you can even use watercolor but now I noticed if you use dark markers you might need a blotter sheet because of bleeding and watercolor requires blotting page as well but still really nice paper quality for a cheap book

The Brilliant Colouring Book for GIRLS is a fun and relaxing creative BIG coloring book created for girls, but great for girls, boys and those who enjoy coloring so really for those of all ages! What is particularly pleasing is that it is not all fake princesses and has lots of different things â “animals , different designs and patterns and on and on. The variety is wonderful and enjoyable. It is a BIG thick book of many pages and each single page is different. The back of the page is blank so no need to be concerned about bleeding through the page (which did not happen to us anyway). This is a beautiful book. This series is wonderful. Absolutely love this product.
