Summary: "YamPuff's Stuff" contains 24 full size illustrations and 2 pages of introductory information. It measures 8.5 x 11 inches and is glue bound into a matte finish cover. Featuring black and white line drawings, this book is appropriate for colorists of all ages and skill levels. Paper: The paper in this book is bright white and about the same thickness as standard copy weight. All pages have artwork on one side and a short description on the reverse. All pages are also non-perforated. Dry mediums should be okay to use, but any wet products may bleed through or cause tearing/wrinkling. Be sure to place several sheets of blotter paper under your current picture to prevent further color transfer. Artwork: As indicated by the cover art, "YamPuff's Stuff" features adorable chibi and kawaii inspired imagery. Inside you'll see fairies, mermaids, cupcake girls, angels, and more. Some of the images have minimal backgrounds, while others feature one central element. None of the pictures have borders, and very little of the artwork enters the binding so pages can be removed without much difficulty. Detail level varies a bit and print quality is clean. Picture completion time should range from 1-4 hours (may be slightly different for each individual). Overall, this is a fantastic book with fun artwork. It would be best suited for chalk/pencil colorists who

enjoy sweet or whimsically styled imagery.

This is a sweet little coloring book. Lots to color in a variety of styles (from chibi to anime style). If you're a fan of Yampuff's linearts from Deviant art then you're sure to love this book. The pages are perfect for colored pencils and the pages themselves are nice and big with a creamy color and nice texture. Recommended!

Very fun and cute drawings to color. Highly recommend this if you want something cute and fun to color.

Bought this for my 11 year old daughter and she loves it.
