INTERIOR DESIGN VISUAL PRESENTATION

A Guide to Graphics, Models, and Presentation Techniques

MAUREEN MITTON

Synopsis

A practical, comprehensive guide to developing effective design communication skills From doing a quick sketch to producing a fully rendered model, the ability to create visual representations of designs is a critical skill for every designer. Interior Design Visual Presentation, Fourth Edition offers thorough coverage of interior design communication used throughout the design process, complete with a broad range of real-world examples. This fully updated handbook presents the full range of styles and techniques used for interior design visual communication, from hand drawing to 3D computer modeling. Its accessible, how-to approach guides you through a variety of methods for executing creative and successful design graphics, models, and presentations. Recognizing the ongoing proliferation of digital tools for visual representation, this edition provides the latest information on 2D design presentation software, such as Photoshop, SketchUp, Revit, and AutoCAD. Dozens of high-quality, full-color illustrations highlight step-by-step instructions detailing techniques and approaches throughout the book. Standout features of this new edition include: Discrete chapters devoted to manual, freehand, and digital drawing   Numerous examples of quick-sketching techniques as well as computer-generated, 3D representations using Google SketchUp and other software   Updated coverage of graphics, composition, and organization of presentations   A range of examples from small residential student projects to huge public interior spaces designed by leading professionals   New coverage of rendering   In-depth coverage of a wide range of material sample presentation boards   From traditional to cutting-edge techniques, Interior Design Visual Presentation, Fourth Edition gives students and professionals alike the tools to give visual life to their design vision.

Customer Reviews

handy book for even professionals - with the reference to how present final plans, and draft all the docs and sketchess in progress. I would recommend it to interior design students

This is a great little book to help you refresh your interior design presentation skills. Good to have on your shelf if you're a student or a working professional.

I am taking an Interior design class and this book is very useful. I love the references on how present final plans. It's basically what I needed and arrived quickly. I would recommend this to other interior design students as well.

I have used this book for multiple classes during my education. Great buy.

I have never rented a book before and it worked well but I feel I would like to buy it, is that possible?
