Rhapsody: Kelly Wearstler

Synopsis

Design trendsetter Kelly Wearstler shares her inspirations, inviting readers into the creation of her opulent interiors. Celebrated for luxurious interiors that capture the swankiness of old-world Hollywood with a modern pop sensibility, Wearstler is known for her decadent designs of residences and boutique hotels, such as the line of Viceroy's and the tastemakers Maison 140 and Avalon. Her ornate interiors are distinctive for layers of bold textures, patterns, and rich colors juxtaposed with lustrous surfaces, adding up to a whimsical and elegant look that has been called "mod baroque." This volume offers a look into Wearstler's glamorous world, profiling in detail her latest residential designs (previously unpublished) and her sumptuous new hotels, as well as her creative process. The book also follows the designer known for her striking personal style behind the scenes to watch her at work, creating sculpture at her metal foundry or shopping at auction houses, to reveal the myriad inspirations that fuel Wearstler's imagination and her dazzling design work. With beautiful images of many never-before-photographed interiors, Kelly Wearstler: Chromatic Rhapsody is an inspirational look at one of the most irreverent and fascinating designers working today, celebrating the breadth of her creations.

Customer Reviews

The pictures are lush and beautiful and the interiors breathtaking. What I did not like is that the copy is very short and the captions almost nonexistent. It's almost impossible to know where the pieces that Ms. Wearstler uses on her projects come from. Why the mystery? I'm interested in knowing that

kind of information even if I'm not buying anything that's shown in the book.

This woman designs like a crazy person. Nothing in this book is practical. I don't even think you could use her ideas as inspiration. Reading this book is like being a victim of a train wreck. Visit her website though. She has great furniture and accessories.

I LOVE Kelly Wearstler. There were some really nice photos in here, for sure! But this is not her best book. I think HUE is her best one, in my opinion. But I still love to see her style.. It's so unique and worlds different than other designer with a cool and modern twist. Love how she combines decades of design, LOVE IT! I'm happy with my purchase. :)

Beautiful book from a woman with an amazing approach to design which is fresh and innovative. I own all of her design books and find inspiration whenever I look at them. Highly recommended for those who like their interior design on the cutting edge!

I waited for this book since August and it did not disappoint! The spaces are beyond gorgeous and captured beautifully in this big yummy book. Kelly Wearstler's style is what I dream about...

Not as happy with this one. Hue is a much better publication. She has a very distinct style that is not easily duplicated. I love that about her.

Kelly Wearstler does it again. You won't see anything like her bold style anywhere today. Her rooms are sheer eye candy. Bold colors and textures that jump off the pages. For something different and inspiring get this book. Grant Dillon, Los Angeles
