## Customer Reviews

This is an elegant set of mandalas whose central theme is snowflakes. The designs are by artist Marty Noble and each one is simply elegant. There are swirls as well as sharp points and each is primarily in a circular form (though many of the designs have points and corners that extend well beyond the confines of the visible circle.) The classic snowflake shapes are repeated throughout each pattern and give a real sense of harmony and balance to the design. Some of the designs are very delicate and will take some concentration but I don't believe that I will have to use my magnifying lamp for this book. I plan to do my mandalas in winter theme colors. I love that the designs are focused around snowflakes and I plan to enhance that with the colors. Some will be cool tones with blues and purples and silvers. Some will be warm tones with reds, greens and gold.

I am thinking that I will primarily use my soft core pencils with perhaps a little bit of marker here and there where I want to bring emphasis. After I have finished these, I may buy a second book to do in wild colors which have nothing to do with winter at all. The designs are simply so pretty, it will be fun to color them more than once. There are 31 designs in this coloring book. As with all of the Creative Haven books that I have used in the past, these are on a bright white page that is a fairly heavy stock. The designs are printed on one side of the page only and the edges of each page have good perforations which make it easy to remove from the book. All of my gel pens and markers bleed through on Creative Haven books and this book is no different. I use freezer paper in between the sheets (if I am keeping it in the book) or under the page if I remove it from the book.
