## Customer Reviews

My son is in between music groups so I bought this for him to keep his chops up. The musical arrangements are fun and relatively easy for my son to follow. He's an intermediate player (14 yrs old). Having a CD accompaniment makes it more interesting and easy to follow.

It was OK just simplistic. Some of the backgrounds and a few of the melodies were rather elementary. On the other hand a couple of them were really good. I hope there are more of them

published but with better selections.

Great way to feature the tenor sax parts on songs I grew up listening to.

Great
