This product is awesome for anyone learning, I bought multiple types of staff paper and gave this one to some people I know who are taking piano. It's got staff symbols and explains a few things in music theory that would typically confuse most people. It has a bit of an old look to it, so if that's for you, awesome. It opens up over the top clip board style and is double-sided.

This is my favorite type of paper to compose with. It tears out cleanly, and there's no spiral to catch your wrist. There's plenty of space between lines for ledger lines.

I like this paper. it is pretty. the quality is firm and think. it provides plenty of lines to work with. I wish it had about 10 more pages for the cost

too small. dont get unless you have super vision i havent used it yet. not at all what i expected.

The pages easily fall out, but I'm not picky especially since it was so cheap.

I use staff paper all the time so I found this pad is really great!The pages tear out really easy and everything :)

A certain style/size of staff paper was required for a college music class. This was perfect. The paper is very nice quality and tears out very cleanly.

Great bang for the buck. I buy these for my sax and improv students.
