Customer Reviews

This book was a big hit with a dear friend who loves lighthouses. The pictures are gorgeous. The text is thoughtful and well presented but not too long. It would make a great gift for someone new to New England and the coast.

The Lighthouses of America book is a beautiful collection of lighthouse photos and information about these historic structures. It will help us catalog our photographs of lighthouses from our recent cruise of the coast of Maine. makes it easy to find such bargains.

If you're looking for all the lighthouses of the United States - you won't find it - other than that, it's a nice book.

This book is a fantastic addition to any room -it is inviting to peruse through and the photographs are excellent.I am planning to go to Maine next Fall and can't wait to see the lighthouses there!

Although I received my book later than the seller had said I would, I love the book! It has become a

favorite of several of my family members. I have an ocean front home and this book makes a great coffee table book.
