# Kahlo: 16 Art Stickers (Dover Art Stickers)

## Synopsis

Full of anguish and passion, Frida Kahlo's arresting self-images fairly smolder on the canvas. Now, after having long been eclipsed by Diego Rivera, her more famous partner, Kahlo's work is achieving widespread recognition. In addition to portraits of herself and Rivera, these excellent sticker reproductions of Kahlo's compelling works include *The Broken Column*, *The Little Hart*, *The Dead Dimas Rosas at the Age of Three*, *Self-Portrait with Monkey*, and twelve others. Outstanding additions to a personal collection, these stickers will also add instant interest to letters, notecards, and other flat surfaces. Original Dover (2000) publication.

## Book Information

## Customer Reviews

I used this lovely sticker book stickers to make some very nice blank cards. I used a dark cardstock (dark green, black, dark blue, dark pink) and was able to make 16 cards. A very practical and multiple use item! A nice item for Kahlo fans. Great price. I'd like to see a little more variety in this book, and a little more color. These are nice stickers but the theme and color palette are pretty uniform not representative of this artists colorful and rich portfolio.

i'm a huge Kahlo fan but that means i have my favorite Kahlo works that aren't always the most popular. thus, my only disappointment was that my favorite painting was not included in this collection of stickers. however, as a child of the 80s, i love stickers with a passion, any size, type, color, etc. therefore i went wild in love with the idea of a grownup version of a sticker showing my favorite artist's works. these are INCREDIBLE. and it's SO light. the packaging is something i will

also reorder as a tacked on item to any future order i have just because these stickers are so groovy. the colors and clarity are fantastic. note: each sticker is about the size of 2 normal postage stamps with 1 above the other so that these stickers are each tall and rectangular. the font is cool, clear, crisp and streamlined with each sticker showcasing the actual art then at the bottom "Kahlo" then the title listed below. i can't wait to order more of this item as well as other items in this series from other artists i like. the price is almost like getting it for free. i love these i (almost) felt guilty for paying so little for them.

I adhere these stickers on the back of envelopes when sending personal letters and greeting cards. Many people are unfamiliar with Frida Kahlo and ask "What is this sticker"? I love explaining and introducing important, interesting and new hobbies to those who have introduced me to new and different art ideas, etc... Nora

It will show you half of the collection of stickers in this little booklet. The stickers are lovely, but I would have preferred different choices from Frida's paintings. Not bad for the price, though - they'd be a nice addition to a birthday card or as an enclosure with a book of Kahlo's art.

As an art history buff, and Kahlo lover, this was awesome! The cover of the book itself is sturdy, and the quality of the print of the stickers were well nice. The stickers are all different pictures of her paintings, so the variety was very cool; makes them more special. They were small than I expected but that ended up working in my favor. So fun to decorate my new sketchbook with these!

Most of the stickers are the works hardly anyone has seen before. On the one hand, that exposes you to her other works. On the other, not very excited about the stickers. Good quality, though, very sticky.

Such an adorable little book with captivating stickers inside. I don't even want to stick them to anything cause I feel like nothing is precious enough to be graced by Frida. Arrived really quickly and I got free shipping

Just as I expected. The stickers are not to big or to small. Really good quality. Comes with all 16 stickers and they are really cool if you are a Frida Kahlo admirer.
