## Customer Reviews

I bought a Uke off (love it) and wanted some modern music that I could just pick up and play. I play guitar so the fingering and presentation of the music was pretty much standard. Its got good songs with good arrangements. I bought two different ones from the same publishing house. both are great.

Great book for first time learning! Love to hear my daughter sing and plan familiar tunes

Very easy to follow! I'm learning to play the Uke and this book makes it more fun!

Wonderful ukulele songbook for modern music. Easy to read and easy to follow. I would suggest this to anyone looking to play Top 40 music with a ukulele.

Good selection

Almost illegible. I don't even want it anymore. Don't buy the kindle version. It's terrible.

Like the selection of songs that are included. Great for piano or ukulele.

my kid loves it nice to have available songs they hear on radio!!!!
