25,000 Years Of Erotic Freedom

Synopsis

With each new technological advance, pornography has proliferated and degraded in quality. Today, porn is everywhere, but where is it art? 25,000 Years of Erotic Freedom surveys the history of pornography and argues that the success and vibrancy of a society relates to its permissiveness in sexual matters. This history of erotic art brings together some of the most provocative illustrations ever published, showcasing the evolution of pornography over diverse cultures from prehistoric to modern times. Beginning with the Venus of Willendorf, created between 24,000-22,000 bce, and book-ended by contemporary photography, it also contains a timeline covering major erotic works in several cultures. 25,000 Years of Erotic Freedom ably captures the ancient and insuppressible creative drive of the sexual spirit, making this book a treatise on erotic art.

Customer Reviews

By the author of V FOR VENDETTA for Vendetta [Blu-ray] and WATCHMEN and FROM HELL, this is yet another quality work that has deservedly accrued many 5-star gold reviews around the globe. I would advise doing as most other readers seem to do, and ignore the 1-star anti-review further down this page, as it is written by a fundamentally oriented follower of the Nazarene. In fact, I have done as most others have done, and voted a "NO IT IS NOT HELPFUL" vote against that spiteful piece of reviewing, which charges the fair, balanced and enormously educated Alan Moore with suggesting that the vikings ruled Europe for 1000 years - nowhere does he state this! That reviewer also accuses Moore of not comprehending European history! Anyone who knows anything

about Alan Moore knows the truth to be quite the opposite. Enough ... let's hope all balanced readers ignore it and vote it off this page. This book is not only beautiful, it is educational and thoroughly entertaining and well worth the relative cost. As Michael Haneke illustrated clearly and brutally, in his quiet film, *The White Ribbon* [Blu-ray] it was very fashionable for Germanic families, during the late Victorian and the Edwardian periods, to abuse their children by punishing them for adolescent activity that was private and bodily in nature. Tying-down children in bed, and forcing them to endure pain due to normal, adolescent arousal was brutal. Moore did not make this up.
