Another perfect book to teach your little bumpkin junior high kids!! Lot's of great songs that they just don't hear anymore because of our pop culture. Once they hear and learn the songs my students have all become fans. It's perfect for their growing up into mature body stage.

I noticed it has a beautiful selection of songs; they are good for all ages. Whether you are young or old, you will find any traditional song that you like here.

Very practical, singable stuff for young singers in good ranges.

A must for any teacher of young students.

Great solos for middle and high school singers! Quality material with interesting accompaniments. The CD is useful for students who do not play piano. I use this book often in my voice studio.

I have a student who is using this book. I really like the songs in the book and would recommend it to teachers and singers.
