## **Customer Reviews**

It is, indeed, a book with ALL the answers to every pastel artist's questions! Barbara covers everything very well, and every pastel artist should have this in their library. Marlene

This is a great book answering questions that every pastel artist asks about. It is a book you will want to have handy. It is perfect for the beginning student of pastels or whatever your level, even for the professional and experienced seasoned pastel artist. The descriptive photographs included in the book are very helpful making the answers even clearer. This book is a gem, and for the price, you are purchasing a lot. Very worth the purchase. A thank you to the author, Barbara Benedetti Newton

Most of this is reprinted from existing pastel instruction books. If you don't have an extensive pastel library, it may be a good read.
